

THE IWW MINNEAPOLIS BRANCH COLLECTION

Papers, 1905-1971
(Predominantly, 1920-1940)

2.5 linear feet

Accession Number 580
L.C. Number MS

The papers of the IWW Minneapolis Branch were placed in the Archives of Labor and Urban Affairs in January of 1973 by Mrs. Sylvina Hoyer and opened for research in February of 1984.

This collection consists of materials that belonged to Mr. John Hoyer, who first joined the IWW in 1917 as a lumberjack. Later he worked as a carpenter until his retirement in the early 1960's. The Minneapolis branch was composed primarily of workers in the agricultural, mining, lumbering and construction industries, many of whom were of Scandinavian descent. Publications printed in both Swedish and Finnish are included in this collection. The Minneapolis office was subjected to a series of raids in September and November of 1917 by the United States Department of Justice which resulted in the confiscation of nearly all financial records, correspondence and political literature.

The papers of the IWW Minneapolis branch reflect Mr. Hoyer's interest in radical politics as well as the financial transactions of the group's members.
