

JOHN PANZNER COLLECTION
2 manuscript boxes

Processed June 28, 1965
By Carol Taylor

Accession Number 9

Born in Detroit in 1883 where his immigrant father belonged to the Amalgamated Wood Workers, John Panzner began his union career in the west, where he worked with the IWW in organizing mine and agricultural workers. He served a term at Leavenworth for his union activities. Returning to Detroit he was one of the early organizers in the auto industry. Since the late 1950's, Mr. Panzner has been active in organizing retired workers.

John Panzner gave his personal papers to the Labor History Archives between September-October, 1961 and October, 1963. They are open to use by qualified scholars and researchers.

The papers are in two containers arranged by subjects but in no particular order.

Printed materials pertaining specifically to the IWW have been transferred to the IWW Collection.
