The Division of Admissions, Records, and Registration was reorganized in the 1970s and renamed Admissions. Reorganization occurred in 1981 with the formation of Enrollment Services which reported to the Vice President for Student Affairs rather than the Provost. The Admissions, Records, and Registration Offices Collection consists of statistical reports and studies issued by these offices from 1936 to the Spring/Summer semester of 1981. Reports issued for Fall 1981 and later semesters will be found in the Enrollment Services Collection.

The information collected and report formats vary over the years. Some reports are on a daily, semester/quarter or annual basis; others are consolidated and/or comparative. Some reports were issued over a long period of time with little or no change in information categories or format. With the exception "Miscellaneous Reports," titles of reports were used as folder titles.

Important Subjects:

admissions	honor point average
applications	registration
credit hour distribution	student employment
degrees granted	student geographic
enrollment	residence
